

DEPENDABLE

CONSTANT STATE OF AWARENESS THAT EMPOWERS THEM TO ANTICIPATE. PREVENT. MITIGATE OR **REACT IN A FLUID SITUATION.**

OUR WORK HERE AT PELICAN IS NOT VERY DIFFERENT. WE DO HAVE AN IMPORTANT JOB: MANUFACTURING THE BEST PROTECTOR™ CASES AND LIGHTING TOOLS THE WORLD HAS EVER SEEN. BECAUSE IN THE END, OUR PRODUCTS HAVE TO BE AS DEPENDABLE AS THE PEOPLE WHO USE THEM.

> ULTIMATE EQUIPMENT PROTECTION FROM THE ELEMENTS.

STRONGER BY DESIGN

The Pelican Protector™ Case uses an open cell core and solid wall construction, which is actually stronger and lighter than a solid core wall. Travel light

with heavy protection. And you know it's a Pelican™ Case by the distinctive dual band top surface. Stainless steel pins are used for hinges and handles. The new Double-Throw latches are smarter and easier to open: it's the classic New Stronger 'C' clamp design with a secondary Latch movement that works like a pry bar to start the release and offers plenty of leverage to

open with a light pull.

The secret is the tongue-andgroove fit with Polymer o-ring acting as a waterproof seal. Also, the new Automatic Pressure qualization Valve releases built-up air pressure while

keeping water molecules out, resulting in a watertight case that is even easier to open.

EXTRA PROTECTION

Pelican's Pick 'N' Pluck™ foam lets you customize the interior according to your gear. An easy, do-it-yourself system for custom-shaping the interior of the case according to your equipment. Layers of foam are pre-scored in tiny cubes. Simply measure your equipment over the grid and pluck away. Contents stay in place and get extra protection at the same time.

EASY RIDING

Stainless steel ball bearing wheels (on select cases) last longer and ride smoothe The nylon hub adjacent to the stainless steel is made to resist heat. Result: less wear and tear on the polyurethane wheel.

NYLON HUB

STAINLESS STEEL

BALL BEARING WHEELS

KEEP IT SHUT

Metal reinforced padlock protectors provide added strength and extra security against cutting and theft.

CUSTOMIZE IT

Customize your case to hold electronic interface panels, or create the perfect protection insert for your equipment. Close the lid and see your logo applied as a decal or hot stamp (call for details).

Panel frame mounting system

MEET THE OTHER HALF OF PELICAN

The same durability and ingenuity built into every Pelican case also sets our flashlights apart. We're illuminating the world's darkest and most dangerous places with specialized lighting tools:

- Safety approved lights for hazardous areas
- Tactical lights for military and law enforcement
- Specialized lights for fire and rescue operations
- Submersible lights for diving

PELICAN LEGENDARY LIFETIME GUARANTEE OF EXCELLENCE

Pelican guarantees its products for a lifetime against breakage or defects in workmanship. Pelican cases are guaranteed to be watertight to a depth of 3 feet for 30 minutes (IP 67) unless otherwise stated if properly closed with undamaged o-ring in place. Pelican's liability is limited to the case and not its contents. This guarantee does not cover the lamp or batteries (rechargeable or alkaline) for lights. Any liability, either expressed or implied, is limited to replacement of the product. This guarantee is void if the Pelican™ product has been abused beyond normal and sensible wear and tear. This guarantee does not cover shark bite, bear attack or damage caused by children under five.
